Give thanks to God:

Remind us, O Lord, when we feel powerless, that to love someone is to be alongside them, not to have all the answers they seek or all the resources they need. So help us to offer our steady presence.

Forgive us when we seek the comfort of half truths, or the convenience of evasion, instead of the demanding of searing honesty in facing the needs that are before us.

We pray in the name of Jesus Christ,
Who always touched the lives of those around
Him in their deepest need,

Amen.

Jesus said: "I have come that you may
have life in all its fullness"

John 10:10

As we pray daily in these troubling days,

1. We are thankful for Mildmay's work in our London hospital.
2. In gratitude for the opportunities to come to our centres in Kenya and Uganda
3. For all our operations, where many work alongside us as internal and external partners
4. For involvement with patients' acute centres, community specialists and projects, family and friends, in facilitating the best outcomes impacting those living with HIV, homelessness and addiction.

For the past we give thanks,
For the future we have hope,
For the present, we celebrate this moment.
