

Pray for Mildmay

“From nursing the East End’s poor in the 1860s to becoming a renowned hospital, respected globally and locally for caring for patients with HIV,” we give You, Lord, our heartfelt thanks in this season for Your provision and protection. We celebrate forty years of our pioneering work in its current form, building on foundations laid over more than a century of presence in this area.

We look back with gratitude, knowing You have led and guided us through many stages of life—in the United Kingdom, East Africa, and Ukraine. With exceptional clinicians, dedicated staff, and loyal trustees, working alongside partners in government, healthcare, finance, and community service, You have brought us to this moment.

Generous God, You continue to show us how to care for each other each day. We pray for our ongoing journey, trusting that our shared memories—of joy, laughter, sadness, and forgiveness—will help us lean on Your guidance for the future.

God of tenderness and strength, You have brought us to this point, caring for those living with HIV, homelessness, and addiction. Guide us as we move forward through times of joy, challenge, and change.

Bless our hospital and community work, our comings and goings, our partings and our meetings. May we be worthy of each other’s best, and tender with each other’s dreams.

As, daily, in all the changing seasons of life, be with our Mildmay Family consistently as our lives are changing radically each day.

We trust in Your Son, Jesus Christ our Lord,
Amen.

Winter 2025

Jesus said: “I have come that you may have life in all its fullness”

John 10:10

Mildmay Tube poster, 1990s

We are proud to have been recognised by TfL in 2024 with the naming of the **Mildmay line in honour of our pioneering work in HIV care.**

2025 marks the **40th anniversary** of our reopening as a charitable hospital following closure by the NHS in 1982. Since then, Mildmay has been at the forefront of care for people living with HIV/AIDS in the UK and internationally, transforming countless lives.

Looking ahead, we continue to expand our services to include people who are homeless, those recovering from addiction, and those in need of neurological rehabilitation. Our commitment to global health continues and this year **Mildmay is actively exploring partnerships and opportunities, starting with vital new initiatives in Uganda.**
